

Ads for Grads

Celebrate your son or daughter's graduation by placing an ad for grad in the 2019 Hawk. Your ad will feature your student's name, a personalized message and a photo.

Ads take up 1/8 of a yearbook page; design will be provided by the yearbook staff. Most parents choose a baby picture or picture from their early years. Most parents use their message to convey congratulations, to describe their son or daughter's unique personality, or to convey specific wishes for the future. Some parents include quotes or partial quotes; a few parents have written their message or part of their message in a language other than English. Make it personal but less than 300 characters (not words). Please see previous yearbooks for more specific examples.
