

Attention Parents of the 2019 graduating class: --Senior Picture Information--

Senior portraits are printed in color. Each student needs to submit his/her own photo by the deadline to be pictured in the yearbook.

**The deadline for senior portrait submissions is 3 p.m.,
Thursday, October 25, 2018.**

NO late submissions will be accepted. Please mail your photo c/o Mette Bovard to Chaska High School, 545 Pioneer Trail, MN 55317.

–OR–

Please submit the photo digitally to <https://images.jostens.com/410383678>. Digital photos should be a **TIFF or JPEG file of at least 300 dpi and adhere to the designated specifications. This submission link is located on the CHS Yearbook site of Chaska High School.**

Please Plan ahead—Preparing a portrait for the yearbook is a long process that involves making an appointment with a photographer, having the pictures taken, waiting for proofs (about 1 month), choosing a photo and possibly retouching the proof (about 1 month). It is highly recommended that you choose a photographer and set up an appointment in June! **Past student photos have been submitted from many of the area photographers listed on the back as well as more cost-friendly options. Students have also chosen to take their own photos, and CHS's Digital Arts class offer senior picture sessions in September. Please do not submit a photo taken on a cell phone. The quality of a cell phone picture is not high enough to be published in the yearbook.**

Requirements:

- **FULL COLOR-** Half-tone, mono-tone, black and white, or other non-full color prints will NOT be accepted.
- **HEAD SHOTS** from at least the waist up tend to work best with school appropriate attire. **The goal is to focus on the student and full-body shots or unique angles may need to be cropped to meet layout specifications.** When cropped, revealing outfits may appear inappropriate so take care with bare shoulders, low-cut shirts, and tube tops.
- **NO PROPS, PETS, BORDERS, SPECIAL EFFECTS, HATS, SUNGLASSES, SILLY FACES...ETC.** since these portraits are meant to capture and identify each individual student.
- **On-line submissions must be at least 300 pixels/inch or of a similar high quality.**

Failure to follow these specifications may result in your picture not being included in the yearbook.

**Local Photographers used by past Chaska and Chanhassen students:
Inclusion on this list in no way constitutes a recommendation by
CHS Yearbook staff or Chaska High School.**

Many photographers will submit your photo for you; make sure you bring this information with you.
